PHILOSOPHY

Students should be exposed to all aspects of our business in order to provide the best “real world” experience. Teaching how a business actually operates is as important as teaching skills that are specific to a student’s area of study.

ILT Vignocchi is a design build firm that offers customized course schedules to our interns to better deliver a valuable experience. The majority of time will be spent in the student’s area of study then there is mandatory time with each department, including the Owner.

TIMING: Average internship 3 months
HOUSING: Not available at this time, student will have to find their own housing
COMPENSATION: Hourly rate to be determined

HOW TO APPLY:

People are always considered individually; straying from the following is at the Intern Director’s discretion.

RESUME SUBMITTAL: A formal resume is mandatory

LANDSCAPE ARCHITECTS: If you are seeking a position in our design department, we must receive a copy of your portfolio with your resume. This includes computer aided as well as hand drawings.

SELECTION PROCESS: We compile resumes first then have a review meeting where we will determine who to interview. After the interviews, we will make our selection no later than March 31st.

ILT is a special place and we are looking for the right fit, both in personality and technical performance. Therefore, we take the selection process very seriously.

PAST INTERN COMMENTS

“ILT is a great company that is excited to help students experience the growing industry. The internship is very well rounded and is a good place to inspire what future roads you want to explore.”

“It helped me decide what I want to do with my life, something that school can’t help me with.”

“ILT really cares about your experience with them and learning many different aspects while you are there. They trust an intern with lots of responsibility and it is wonderful to have that. I would highly recommend ILT.”
